

March 29, 1984

LB 841

Performance Review and Audit Committee and signed by its members. (Title read.) The bill was read on January 6, Mr. President, referred to the Appropriations Committee. It was advanced to General File. There are committee amendments pending.

SPEAKER NICHOL: Senator Warner.

SENATOR WARNER: Mr. President, I move adoption of the committee amendments. 841 is a bill that adjusts some of the license fees that the Electrical Board charges. As you will recall it is a totally cash funded agency and the committee amendments generally reduce the current fees as from the way the bill was introduced. The reason for introduction of the bill, as indicated, is a cash funded agency and it would appear that come next year's appropriation for '85-'86 that there would not be adequate revenues from existing fees to carry on the current level of appropriation. If the bill is not enacted this year so those fees can take effect by July 1 in 1985, there would be some funding problems for its activity. So the reduction in the committee amendment generally, as I recall, reduced the fees from the way they were introduced by about half, if I remember correct, at least it reduces the amount. I move its adoption.

SPEAKER NICHOL: The question is the adoption of the committee amendments. All those in favor vote aye, opposed nay. Ladies and gentlemen, let's go. We're lagging. We're stalling. We're voting on the committee amendments. Record, Mr. Clerk.

CLERK: 28 ayes, 0 nays, Mr. President, on adoption of the committee amendments.

SPEAKER NICHOL: The committee amendments are adopted. Anything else on the bill, Mr. Clerk?

CLERK: Nothing further on the bill, Mr. President.

SPEAKER NICHOL: Senator Warner.
